Press Release

October 18, 2011

Greenville, South Carolina

Greenville & Western Railway Company, LLC, a wholly owned subsidiary of Western Carolina Railway Service Corporation, will be rebuilding the Williams Street and Prince Street rail-highway grade crossings during the week of October 24-28, 2011.

It is anticipated that the Williams Street crossing will be closed for approximately three days commencing October 24 and extending through the evening of October 26. During this brief road closure, motorist should use Mill Street, SC Highway 20 (Main Street), Academy Street and Broad Street as a detour route around the closed section of Williams Street between Mill Street and Gossett Drive.

It is anticipated that the Prince Street crossing will be closed for approximately two days (concurrent with the Williams Street closure) commencing October 25 and extending through the evening of October 26. During this brief road closure, motorist should use SC Highway 20 (Main Street), Academy Street, Broad Street and Anderson Street as a detour route.

Gossett Street is NOT recommended as an alternate detour route due to low overhead clearances potentially affecting truck traffic.

Both crossings should be reopened by the morning of October 27, 2011.

Greenville & Western Railway thanks the public in advance for their patience and understanding during these temporary road closures.
