Press Release

March 16, 2012

Greenville, South Carolina

Greenville & Western Railway Company, LLC, a wholly owned subsidiary of Western Carolina Railway Service Corporation, in cooperation with Anderson County Roads and Bridges and the City of Williamston announce that, in the interest of public safety, the Gray Drive railroad overpass will be closed effective March 16, 2012 for an engineering assessment and repairs.

The wooden structure, constructed circa 1910, was recently inspected and that examination revealed numerous items of concern that need further attention. As a result of these findings, the bridge is being re-examined in greater detail. Upon completion of this evaluation, the structure will be repaired accordingly. It is anticipated that the bridge will be reopened to traffic on or before November 30, 2012.

Greenville & Western Railway, Anderson County Roads and Bridges and the City of Williamston thank the public in advance for their patience and understanding during this temporary road closure.
